Breakfast, Lunch and Snack Provided MDHHS accepted		

### SUMMER CAMP 2022

As we continue to grow and execute high quality camps during COVID your child's health and safety will be our top priority. A few of the steps we will be taking this summer are.

#### MASKS

We will follow local guidance as it pertains to wearing masks during the camp day.

#### CLEANLINESS

Added handwashing and sanitizing stations and increased surface sanitization.

#### PODS

Each camp group will remain a distinct pod by age, maintaining physical distance from other groups.

# Camp Descriptions:

**Aloha!** Not everyone can go to the beach this summer, so we will bring the beach to us. Sand Art, Hula Fun and so much more.

**Exploring the Arts** Art is not only paint and paper but **EXPRESSION**. We will explore musical instruments, movement and dance, learn about creating 3-D art. Each child will create their own masterpiece

**Dinosaurs Galore** Let's go back in time and discover amazing prehistoric creatures! We will have our own dino-dig, make our own fossils and even have a dinosaur egg hunt!

**Going on Safari** What can be seen through your binoculars? Lions, tigers and bears? Come by and we will prepare you for a journey of a lifetime. We will design safari vests, making our own binoculars and learning about all the wild animals of the jungle.

**Hop, Skip and Jump!** We will be learning and about how our body moves through games and sports. Everyone is a winner and will have a blast. **\*NO CAMP ON THE 4TH OF JULY\***

**Let's Go Camping** Take a step into the great outdoors with a new set of friends. We will be exploring the woods with nature hikes and gathering items for art projects. Don't be afraid about getting a little bit dirty. What is camping without stories and s'mores?

**Little Scientists** Grab your Lab coat! Let's explore the world around us to find out what is magnetic, what will sink or float, and what makes a shadows. Together we will find all the amazing answers.

**Stars and Stripes** Let this week be a party, a birthday party! Learn about our stars and stripes and our Country's birthday. We will be making flag art, tie dye socks and a few other memorable things.

**Under the Sea** We will explore the beach on week two but what goes on Under the Sea? Dive into the deep blue sea and learn about all the mysterious water creatures. This week we will be making our own jellyfish and bubbles.

**Who's in the Garden?** Who's in the garden? We will investigate who and what helps our plants grow. We will learn about the lifecycle of plants and be exploring the soil, worms and much more.
